

## MEDICAL TRAINING

# ACLS: SAVE A LIFE IN THE STREET

## About The Training

Advanced Cardiac Life Support (ACLS) will prepare you to respond to life-threatening emergencies in the adult population with advanced interventions.

This ACLS course is based on the latest guidelines which focus on doing several tasks simultaneously with a group process that enables efficiency and minimisation of error.

## Modules

- > Learn the theories and techniques required to respond to life threatening emergencies in the adult and pediatric population.
- > Be familiar with advanced life-saving interventions such as advanced airway management, medications and therapies.
- > Understand the ILCOR standards and guidelines derived algorithms.
